Cardiopulmonary Resuscitation (CPR) in Nursing Homes. • Revisions to Guidance - The Centers for Medicare & Medicaid Services (CMS) have revised the guidance to surveyors in Appendix PP under F155 to clarify a facility's obligation to provide CPR. • Initiation of CPR - Prior to the arrival of emergency medical services (EMS), nursing homes must provide basic life support, including initiation of CPR, to a resident who experiences cardiac arrest (cessation of respirations and/or pulse

...Cardiopulmonary Resuscitation (CPR) in Nursing Homes | CM

The American Heart Association's CPR & ECC inspires the world to save lives and envisions a world where no one dies from cardiac arrest. The AHA is the leader in resuscitation science, education, and training, and publisher of the official Guidelines for CPR and ECC. Millions of healthcare providers and others trust the AHA for their lifesaving training, and 100% of the AHA's profits go back into supporting its lifesaving mission.

American Heart Association CPR & First Aid

Staff must maintain current CPR certification for healthcare providers through CPR training that includes hands-on practice and in-person skills assessment. Online-only certification is not acceptable. The CMS has revised surveyor guidance in Appendix PP of the State Operations Manual (SOM) under F155 to clarify CPR policies for nursing homes.
