*Kevin Zraly's Windows on the World Wine Journal* Lorena Jones Books  
 A delicious, comprehensive playbook that pairs 75 wine styles—including where and who to buy them from—with 75 recipes that complement them perfectly “If you want to know what good taste in the modern food and wine scene looks like, this is your manual.”—Jordan Mackay, co-author of *The Sommelier's Atlas of Taste*  
*Wine Food* is a wine course in a cookbook for everyone who wants to learn about wine simply by drinking it. Here, natural wine bar and winery owner Dana Frank and wine-loving recipe writer Andrea Slonecker distill the basics—how to buy, how to store, how to taste—and deliver more than seventy-five instant-hit recipes

inspired by delectable, affordable wines that go with them beautifully. Each recipe opens with a succinct summary of the wine style that inspired it, followed by a brief explanation of how it complements the flavors and textures in the recipe. There are also recommendations for three to eight producers of each wine style. Frank and Slonecker also include a wine flavors cheat sheet, a label lexicon lesson, a short course on wine tasting like a pro, and illustrated features on matching wine with types of favorite foods (typical take-out, beloved pasta dishes, and popular sweets). Whether you like thinking about which bottle to pour at brunch, with picnic fare, for midweek dinners, at weekend feasts, or for all of those times, *Wine Food* makes learning about wine flavorful, fun,

and easy.

“With Catherine Fallis’s approach of ‘less is more,’ all you need to begin your wine journey are ten grapes.” —Kevin Zraly It’s easy (or easier) to become a wine expert when you narrow the field down to ten grapes. For the wine drinker who loves Pinot Noir but doesn’t know what to try next, wants a French Chardonnay but isn’t sure what to look for on the bottle, or needs a little support before they open the wine menu at lunch with a client, Master Sommelier Catherine Fallis’s authoritative but inviting introduction to wine is an indispensable guide. Pinot Grigio, Sauvignon Blanc, Chardonnay, Viognier, Pinot Noir, Sangiovese, Syrah, Merlot,

Cabernet Sauvignon, and Zinfandel make the cut. The book covers the basics of tasting (and why wines taste the way they do), buying, and pairing wine. Fallis gives readers tricks to remember the difference between the cotes of Burgundy, offers dozens of specific recommendations in every price range, provides tips for talking to sommeliers, and shares memorable tasting exercises. This book will help readers build their wine confidence whether they're looking for an inexpensive bottle for dinner at home or trying to impress the in-laws.

An "engrossing" history of the restaurant atop the World Trade Center "that ruled the New York City skyline from April 1976 until September 11, 2001" (Booklist, starred review). In the 1970s, New York City was plagued by crime, filth, and an ineffective government. The city was falling apart, and even the newly constructed World Trade Center threatened to be a fiasco. But in April 1976, a quarter-mile up on the 107th floor of the North Tower, a new restaurant called Windows on the World opened its doors—a glittering sign that New York wasn't done just yet. In *The Most Spectacular Restaurant in the World*, journalist Tom Roston tells the complete history of this incredible restaurant, from

its stunning \$14-million opening to 9/11 and its tragic end. There are stories of the people behind it, such as Joe Baum, the celebrated restaurateur, who was said to be the only man who could outspend an unlimited budget; the well-tipped waiters; and the cavalcade of famous guests as well as everyday people celebrating the key moments in their lives. Roston also charts the changes in American food, from baroque and theatrical to locally sourced and organic. Built on nearly 150 original interviews, *The Most Spectacular Restaurant in the World* is the story of New York City's restaurant culture and the quintessential American drive to succeed. "Roston also digs deeply into the history of New York restaurants, and how *Windows on the World* was shaped by the politics and social conditions of its era." —The New York Times "The city's premier celebration venue, deeply woven into its social, culinary and business fabrics, deserved a proper history. Roston delivers it with power, detail, humor and heartbreak to spare." —New York Post "A rich, complex account." —Kirkus Reviews (starred review)
